Tina Fey the self deprecating Bossypants in the book of the same name, has managed to write an autobiography that reads more like a comedic movie script than a novel about her life The book is slightly dated now as her show 30 Rock is no more. Several of the people she mentions have died and many of the married couples have "uncoupled".

"Bossypants," by Tina Fey, isn't a memoir; it's a spiky blend of humor, introspection, critical thinking and Nora Ephronisms for a new generation.

*'Bossypants' by Tina Fey - Review - The New York Times*

Non-Fiction On her way to becoming an award-winning superstar, Tina Fey struggled through some questionable haircuts, some after-school jobs, the rise of nachos as a cultural phenomenon, a normal childhood, a happy marriage and joyful motherhood. Now she can reflect on what she's learned: you're no one until someone calls you bossy.

Publisher Description Spirited and whip-smart, these laugh-out-loud autobiographical essays are "a masterpiece" from the Emmy Award-winning actress and comedy writer known for 30 Rock, Mean Girls, and SNL" (Sunday Telegraph).

Before Liz Lemon, before "Weekend Update," before "Sarah Palin," Tina Fey was just a young girl with a dream: a recurring stress dream that she was being chased through a local airport by her middle-school gym teacher. She also had a dream that one day she would be a comedian on TV. She has seen both these dreams come true. At last, Tina Fey's story can be told. From her youthful days as a vicious nerd to her tour of duty on Saturday Night Live; from her passionately halfhearted pursuit of physical beauty to her life as a mother eating things off the floor; from her one-sided college romance to her nearly fatal honeymoon -- from the beginning of this paragraph to this final sentence. Tina Fey reveals all, and proves what we've all suspected: you're no one until someone calls you bossy. (Includes Special, Never-Before-Solicited Opinions on Breastfeeding, Princesses, Photoshop, the Electoral Process, and Italian Rum Cake!)

The #1 New York Times bestselling (mostly true) memoir from the hilarious author of *Furiously Happy*. "Gaspingly funny and wonderfully inappropriate."—O, The Oprah Magazine When Jenny Lawson was little, all she ever wanted was to fit in. That dream was cut short by her fantastically unbalanced father and a morbidly eccentric childhood. It did, however, open up an opportunity for Lawson to find the humor in the strange shame-spiral that is her life, and we are all the better for it. In the irreverent *Let's Pretend This Never Happened*, Lawson's long-suffering husband and sweet daughter help her uncover the surprising discovery that the most terribly human moments—the ones we want to pretend never happened—are the very same moments that make us the people we are today. For every intellectual misfit who thought they were the only ones to think the things that Lawson dares to say out loud, this is a poignant and hysterical look at the dark, disturbing, yet wonderful moments of our lives. Readers Guide Inside

THE INSTANT #1 NEW YORK TIMES BESTSELLER "This is your happy hour with Amy Schumer... It's Bossypants meets Trainwreck meets your long weekend." —TheSkimm "Amy's got your back. She's in your corner. She's an honesty bomb. And she's coming for you." —Actress Tilda Swinton and Trainwreck co-star The Emmy Award-winning and Tony-nominated comedian, actress, writer, and star of *Inside Amy Schumer* and the acclaimed films *Trainwreck* and *I Feel Pretty* has taken the entertainment world by storm with her winning blend of smart, satirical humor. Now, Amy Schumer has written a refreshingly candid and uproariously funny collection of (extremely) personal and observational essays. Ranging from the raucous to the romantic, the heartfelt to the harrowing, this highly entertaining and universally appealing collection is the literary equivalent of a night out with your best friend—an unforgettable and fun adventure that you wish could last forever. Whether she's experiencing lust-at-first-sight while in the airport security line, sharing her own views on love and marriage, admitting to being an introvert, or discovering her cross-fit instructor's secret bad habit, Amy Schumer proves to be a bighearted, brave, and thoughtful storyteller that will leave you nodding your head in recognition, laughing out loud, and sobbing uncontrollably—but only because it's over.

Tina Fey's Bossypantsmeets David Carr's *The Night of the Gun* in Darrell Hammond's groundbreaking memoir, *God, If You're Not Up There, I'm F\*cked*—a raw look inside the troubled life and mind of an American comic genius. By turns poignant and hilarious, Hammond takes readers from the set of *Saturday Night Live*, where he was the show's longest-tenured cast member, to the drug-ridden streets of Harlem and into the twisting corridors of his own unflaggingly humorous consciousness. Mingling behind-the-scenes stories from television's best-loved comedy series with a dark look inside a world-class funnyman, *God If You're Not Up There, I'm F\*cked* is a book sure to resonate with anyone who shares a talent for performance, a love of comedy, or a desire to know how an artist can climb from the deepest despair to the very top of his profession.

I was at my wit's end. I'd had enough of this job, this life, and my relationship had broken up. Should I eat chocolate, or go to India, or fall in love? Then I had a revelation: Why not do all three, in that order? And so it was that I embarked on a journey that was segmented into three parts and was then made into a major motion picture. Later, I woke up on an airplane with a hole in my face and a really bad hangover. I was ushered brusquely off the plane by my parents who took me to a rehab where I tested positive for coke, classic coke, special k (the drug), Special K (the cereal), mushrooms, pepperoni, and Restless Leg Syndrome. It was there that I first began painting with my feet. But rewind...the year was 1914. I was just a young German soldier serving in the trenches while simultaneously trying to destroy an evil ring with some help from an elf, a troll, and a giant sorcerer, all while cooking every recipe out of a Julia Child cookbook. What I'm trying to say is that there was a secret code hidden in a painting and I was looking for it with this girl who had a tattoo of a dragon! Let me clarify, it was the 1930s and a bunch of us were migrating out of Oklahoma, and I was this teenage wizard/CIA operative, okay? And, um then I floated off into the meta-verse as a ball of invisible energy that had no outer edge... Ugh, okay. None of this is true. I'm just kind of a normal guy from New Jersey who moved to New York, got into comedy, wrote this book about trying to write this book, and then moved to Alaska, became the mayor of a small town, spent \$30,000 on underwear, and now I'm going to rule the world!!!

NEW YORK TIMES BESTSELLER • Ali Wong's heartfelt and hilarious letters to her daughters (the two she put to work while they were still in utero) cover everything they need to know in life, like the unpleasant details of dating, how to be a working mom in a male-dominated profession, and how she trapped their dad. "Knife-sharp . . . a genuine pleasure."—The New York Times NAMED ONE OF THE BEST BOOKS OF THE YEAR BY Time •

Variety • Chicago Tribune • Glamour • New York In her hit Netflix comedy special *Baby Cobra*, an eight-month pregnant Ali Wong resonated so strongly that she even became a popular Halloween costume. Wong told the world her remarkably unfiltered thoughts on marriage, sex, Asian culture, working women, and why you never see new mom comics on stage but you sure see plenty of new dads. The sharp insights and humor are even more personal in this completely original collection. She shares the wisdom she's learned from a life in comedy and reveals stories from her life off stage, including the brutal single life in New York (i.e. the inevitable confrontation with erectile dysfunction), reconnecting with her roots (and drinking snake blood) in Vietnam, tales of being a wild child growing up in San Francisco, and parenting war stories. Though addressed to her daughters, Ali Wong's letters are absurdly funny, surprisingly moving, and enlightening (and gross) for all. Praise for *Dear Girls* "Fierce, feminist, and packed with funny anecdotes."—Entertainment Weekly "[Wong] spins a volume whose pages simultaneously shock and satisfy. . . . *Dear Girls* is not so much a real-talk handbook as it is a myth-puncturing manifesto."—Vogue "[A] refreshing, hilarious, and honest account of making a career in a male-dominated field, dating, being a mom, growing up, and so much more. . . . Yes, this book is addressed to Wong's daughters, but every reader will find nuggets of wisdom and inspiration and, most important, something to laugh at."—Bustle

Bestselling author Jennet Conant brings us a stunning account of Julia and Paul Child's experiences as members of the Office of Strategic Services (OSS) in the Far East during World War II and the tumultuous years when they were caught up in the McCarthy Red spy hunt in the 1950s and behaved with bravery and honor. It is the fascinating portrait of a group of idealistic men and women who were recruited by the citizen spy service, slapped into uniform, and dispatched to wage political warfare in remote outposts in Ceylon, India, and China. The eager, inexperienced 6 foot 2 inch Julia springs to life in these pages, a gangly golf-playing California girl who had never been farther abroad than Tijuana. Single and thirty years old when she joined the staff of Colonel William Donovan, Julia volunteered to be part of the OSS's ambitious mission to develop a secret intelligence network across Southeast Asia. Her first post took her to the mountaintop idyll of Kandy, the headquarters of Admiral Lord Louis Mountbatten, the supreme commander of combined operations. Julia reveled in the glamour and intrigue of her overseas assignment and lifealtering romance with the much older and more sophisticated Paul Child, who took her on trips into the jungle, introduced her to the joys of curry, and insisted on educating both her mind and palate. A painter drafted to build war rooms, Paul was a colorful, complex personality. Conant uses extracts from his letters in which his sharp eye and droll wit capture the day-to-day confusion, excitement, and improbability of being part of a cloak- and-dagger operation. When Julia and Paul were transferred to Kunming, a rugged outpost at the foot of the Burma Road, they witnessed the chaotic end of the war in China and the beginnings of the Communist revolution that would shake the world. A Covert Affair chronicles their friendship with a brilliant and eccentric array of OSS agents, including Jane Foster, a wealthy, free-spirited artist, and Elizabeth MacDonald, an adventurous young reporter. In Paris after the war, Julia and Paul remained close to their intelligence colleagues as they struggled to start new lives, only to find themselves drawn into a far more terrifying spy drama. Relying on recently unclassified OSS and FBI documents, as well as previously unpublished letters and diaries, Conant vividly depicts a dangerous time in American history, when those who served their country suddenly found themselves called to account for their unpopular opinions and personal relationships.

The former Saturday Night Live comedienne recounts her midlife career slump, long-distance relationship, and unplanned motherhood, which culminated in uproarious childcare activities and the bewilderment of friends and family members.

A memoir by the internationally famous fashion designer and style icon Mention the name "Betsey Johnson" and almost every woman from the age of 15 to 75 can rapturously recall a favorite dress or outfit; whether worn for a prom, a wedding, or just to stand out from the crowd in a colorful way. They may also know her as a renegade single mom who palled around with Edie Sedgwick, Twiggy, and The Velvet Underground, or even as a celebrity contestant on *Dancing with the Stars*. Betsey is also famous for her iconic pink stores (she had 65 shops across the US) and for her habit of doing cartwheels and splits down the runway at the close of her fashion shows. Throughout her decades-long career, she's taken pride in producing fun but rule-breaking clothing at an accessible price point. What they might not know is that she built an empire from scratch, and brought stretch clothing to the masses in the 80s and 90s. Betsey will take the reader behind the tutu and delve deeply into what it took to go from a white picket fence childhood in Connecticut to becoming an internationally known force in a tough, competitive business. The book will feature Betsey's candid memories of the fashion and downtown scene in the 60s and how she started her own business from the ground up after designing successfully for multiple other companies. She will discuss that business's ups and downs and reinventions (including bankruptcy), and her thoughts on body image, love, divorce, men, motherhood, and her bout with breast cancer. Betsey will be richly illustrated with many of her landmark clothes, fashion sketches, and personal photos--making the book the perfect memento and gift for every girl (of any age) for whom Betsey is, as a recent New York Times profile noted, "a role model still."

NEW YORK TIMES BESTSELLER • "John Cleese's memoir is just about everything one would expect of its author—smart, thoughtful, provocative and above all funny. . . . A picture, if you will, of the artist as a young man."—The Washington Post The legendary writer and performer of Monty Python and Fawlty Towers fame takes readers on a grand tour of his ascent in the entertainment world John Cleese's huge comedic influence has stretched across generations; his sharp irreverent eye and the unique brand of physical comedy he perfected now seem written into comedy's DNA. In this rollicking memoir, Cleese recalls his humble beginnings in a sleepy English town, his early comedic days at Cambridge University (with future Python partner Graham Chapman), and the founding of the landmark comedy troupe that would propel him to worldwide renown. Cleese was just days away from graduating Cambridge and setting off on a law career when he was visited by two BBC executives, who offered him a job writing comedy for radio. That fateful moment—and a near-simultaneous offer to take his university humor revue to London's famed West End—propelled him down a different path, cutting his teeth writing for stars like David Frost and Peter Sellers, and eventually joining the five other Pythons to pioneer a new kind of comedy that prized invention, silliness, and absurdity. Along the way, he found his first true love with the actress Connie Booth and transformed himself from a reluctant performer to a world class actor and back again. Twisting and turning through surprising stories and hilarious digressions—with some brief pauses along the way that comprise a fascinating primer on what's funny and why—this story of a young man's journey to the pinnacle of comedy is a masterly performance by a master performer.
