science has created Bohn, the omnipotent computer whose flashing circuits and messianic pronouncements dictate what tomorrow will - or will not - be. But Matthew Oliver is flesh and blood and full of questions - not nearly as certain as the machine he's appointed to serve. And the right hand of science seldom knows what the left hand is doing . . .

Masterfully written by John Green, this is a thoughtful, insightful and hilarious coming-of-age story.

Since the Victorian era, London's Underground has had played a vital role in the daily life of generations of Londoners. Christian Wolmar celebrates the vision and determination of the 19th-century pioneers who made the world's first, and still the largest, underground passenger railway: one of the most impressive engineering achievements in history. From the early days of steam to electrification, via the Underground's contribution to 20th-century industrial design and its role during two world wars, the story comes right up to the present with its sleek, driverless trains, and the wrangles over the future of the system. This book reveals

London's hidden wonder in all its glory,  
and shows how the railway beneath the  
streets helped create the city we know  
today.

Journalist Walls grew up with parents  
whose ideals and stubborn nonconformity  
were their curse and their salvation. Rex  
and Rose Mary and their four children  
lived like nomads, moving among  
Southwest desert towns, camping in the  
mountains. Rex was a charismatic,  
brilliant man who, when sober, captured  
his children's imagination, teaching them

how to embrace life fearlessly. Rose Mary painted and wrote and couldn't stand the responsibility of providing for her family. When the money ran out, the Walls retreated to the dismal West Virginia mining town Rex had tried to escape. As the dysfunction escalated, the children had to fend for themselves, supporting one another as they found the resources and will to leave home. Yet Walls describes her parents with deep affection in this tale of unconditional love in a family that, despite its profound flaws, gave her the fiery determination to carve out a successful life. -- From publisher description.
