Early Riser planters are designed based on sound agronomic principles and extensive customer input to deliver photocopy plants. Our planters regularly work long days and get more done while providing accurate and consistent seed placement thanks to simple adjustments, higher planting speeds, fewer required stops, less daily maintenance and hassle-free transport from field to field. They offer ...

EARLY RISER 5 SERIES PLANTERS - CNH Industrial

I just bought a 900 Cyclo Planter with the Early Riser monitor. I was just hooking everything up today and the monitor turns on and runs through the self test mode and says fail on all the rows. I was wondering if that means it isn't showing connected to those rows or if i need to be planting for it to work? It does the same for the hopper pressure and wont show a reading of pressure with the ...

Cables & Harnesses - Ag Express Electronics

The new 2000 series Early Riser planter combines the industry's most accurate planter technologies with an all-new rugged row unit for fast and uniform emergence. This next-generation technology, along with the ease of use you need to meet optimal planting windows, gives your crop the best opportunity to achieve its full yield potential.

EARLY RISER - CNH Industrial

Depending on which 900 operator's manual you have the newer reprints from CIH are different than the originals depending on the planter's vintage) some of the monitor installation info is in it, but there is a separate Early Riser monitor manual as well. Unless you have or want to buy a radar gun I'd run it off the press wheel sensor.
