Governments And Lesser Powers To The Allied Victory In World War II

Many nations played a role as belligerents on the Allied side in World War II. Many were in the thick of combat and made grave national sacrifices--yet general histories mention them only briefly or omit their story entirely. The assisting troops are given their due in this unique, comprehensive and readable history.

Included are chapters about land and sea troops from such countries as Fiji, Trans-Jordan, Luxembourg, Brazil, Iran, Nigeria, as well as Maori, Assyrians, Gurkhas, Free Poles, and others. Knowing the lines drawn 40 years ago between sides will enable anyone to understand better national enmities and relations today.

Colonies Exiled

Governments And Lesser Powers To The Allied

Victory In World War Ii

Italy's War of Liberation takes issue with the apparently prevalent attitude among Allied commanders during World War II that the Italian military was ineffective.

O'Reilly recounts the little-known story of the significant contribution made by the Italian military during the Italian Campaign, including the contribution of relatively unacknowledged Italian Partisan formations that fought in Italy, France, Yugoslavia, and Greece. Despite the fact that Italians fought on the front lines with the British and American soldiers, and despite the service of the Italian Navy and Air Force, the Allies refused repeated Italian pleas for more involvement in

Access Free Forgotten Allies The Military

combat. This book not only attempts to correct the record of military history by illustrating the ways in which the Italians were underutilized by the Allies, but it also serves to paint a fair portrait of the Italian military's substantial efforts to defeat Hitler and eradicate Fascism.

Combining compelling narrative and grand historical sweep, *Forgotten Allies* offers a vivid account of the Oneida Indians, forgotten heroes of the American Revolution who risked their homeland, their culture, and their lives to join in a war that gave birth to a new nation at the expense of their own. Revealing for the first time the full sacrifice of the Oneidas in securing independence, *Forgotten Allies* offers poignant insights about Oneida culture and how it changed and adjusted in the wake of nearly two centuries of contact with European-American

Access Free Forgotten Allies The Military

colonists. It depicts the resolve of an Indian nation that fought alongside the revolutionaries as their valuable allies, only to be erased from America's collective historical memory. Beautifully written, *Forgotten Allies* recaptures these lost memories and makes certain that the Oneidas' incredible story is finally told in its entirety, thereby deepening and enriching our understanding of the American experience.

Offers an authoritative account of the lesser-known yet devastatingly brutal battle waged by the Italian campaign during World War II.
