More than 300,000 developers have benefited from past editions of UML Distilled. This third edition is the best resource for quick, no-nonsense insights into understanding and using UML 2.0 and prior versions of the UML. Some readers will want to quickly get up to speed with the UML 2.0 and learn the essentials of the UML.

UML Distilled: A Brief Guide to the Standard Object ...
More than 300,000 developers have benefited from past editions of UML Distilled. This third edition is the best resource for quick, no-nonsense insights into understanding and using UML 2.0 and prior versions of the UML. Some readers will want to quickly get up to speed with the UML 2.0 and learn the essentials of the UML.

Amazon.com: UML Distilled: A Brief Guide to the Standard ...
The other book he suggested was Fowler's "UML Distilled", but he claims his own book "goes beyond UML". I liked the idea of learning UML in a software engineering context, especially one that emphasizes Agile programming. But that's not what I got. This is a long discourse on development models, with some bits and pieces of UML thrown in.

Addison Wesley - UML Distilled, 3rd Ed - 2003
The long-awaited third edition of the best-selling UML book on the market; fully-updated and compliant with UML 2.0. This eagerly-anticipated third edition gets students thinking about efficient object-oriented software design using the latest version of the industry-standard for modeling software: UML 2.0. The author has retained the book's convenient, concise format that has made it an essential resource in courses introducing UML.

Fowler, UML Distilled: A Brief Guide to the Standard ...
The first two editions of UML Distilled have been perennial best-sellers because of their concise, yet thorough, nature. This eagerly-anticipated third edition allows you to get acquainted with some of the best thinking about efficient object-oriented software design using the latest version of the industry-standard for modeling software: UML 2.0.

UML Distilled: A Brief Guide to the Standard Object ...
In September 2003, the 3rd edition of this book came out. This edition was mainly put together to bring the book into line with the latest UML 2 standard. I've further taken the opportunity to completely rewrite most of the book, clarifying explanation from my experiences and from review comments from others.

UML Distilled - Martin Fowler
UML Distilled (3rd Edition) In September 2003, the 3rd edition of UML Distilled appeared. To keep up to date with the UML, you should get the new edition as it is compatible with the latest UML 2 standard. For people who have the 2nd edition, I will keep the errata for the 2nd edition available.

UML Distilled (3rd Edition) - Martin Fowler

More than 300,000 developers have benefited from past editions of UML Distilled. This third edition is the best resource for quick, no-nonsense insights into understanding and using UML 2.0 and prior versions of the UML. Some readers will want to quickly get up to speed with the UML 2.0 and learn the essentials of the UML.

UML Distilled (3rd ed.) by Fowler, Martin (ebook)
Now widely adopted as the de facto industry standard and sanctioned by the Object Management Group, the Unified Modeling Language (UML) is a notation all software developers need to know and understand. However, the UML is a big language, and not all of it is equally important. The award-winning first edition of UML Distilled was widely praised for being a concise guide to the core parts of ...

UML Distilled: A Brief Guide to the Standard Object ...
His books include Patterns of Enterprise Application Architecture; UML Distilled, Third Edition; Domain-Specific Languages (with Rebecca Parsons); and Refactoring: Improving the Design of Existing Code (with Kent Beck, John Brant, and William Opdyke). All are published by Addison-Wesley.
