~~List of firewall ports in WebSphere Application Server V7 ...~~

WebSphere Application Server Community Edition was a free-of-charge, certified Java EE 6 application server for building and managing Java applications. Until September 30, 2016, it was IBM's supported distribution of Apache Geronimo that use Tomcat for servlet container and Axis 2 for web services. Another difference from Apache Geronimo is that WASCE came with DB2 and Informix database drivers, better XML parser libraries and contained the latest patches from unreleased upstream versions. Ove
